- 16.

Choose a topic (use the topic title as your title) and write at least a paragraph responding to it. This section will be graded using a rubric based on the state rubric so your response is worth 12 points. You are encouraged to use a pre-writing strategy to help you plan. Creator: As a writer or creator of music, how important is it to you that your work be protected from people who might use it to make money without sharing the revenue or the credit? What are two or three reasons would you give to support honoring copyright laws and fair use practices? Consumer: As a consumer or purchaser of creative works, how do you feel about facing possible legal charges for not following fair use practices and obeying copyright laws? What are two or three reasons would you give to support your views on copyright laws and fair use practices?
